

Urgent Call

camps in Ma'rib governorate are witnessing an unprecedented increase in fire incidents, the latest of which was **the Al-Jufaina camp fire** , which occurred this **Sunday** . Corresponding to 08/27/2023 AD (**Second Sector**) Square (16) , which caused massive destruction and caused damage to the shelter and the rest of the property of the affected households including (39) households **with total** damage and (5)householdswith **partial** damage , including. (12 households whose nationality is Somali and Ethiopian. Thousands of households living in the camps in an ,emergency shelter consisting of destroyed tents (plant)sticks (and nets iron and tarbels .Thousands of displaced households suffer in the camps . From the fragility .of infrastructure and shelter slim

,Accordingly , we call on the Camp Coordination and Camp Management Cluster the Shelter and Non-Food Items Cluster, and the Protection Cluster in the governorate to play their role towardsIDPs and we appeal to the international and , local humanitarian action partners and the United Nations Office of Humanitarian Affairs (OCHA) to intervene urgently and exceptionally to provide relief to those affected , provide their needs, and strive to find a transitional shelter The fact that thousands of households live in emergency shelters, and they quickly become worn out, and the transitional shelter may mitigate future damage and contribute to securing the lives of displaced households. and alleviating their suffering
